PHARMA COMPANIES USE
ACCRUENT SOLUTIONS

Accruent's document management solution, Meridian, can help life science companies master the challenges of managing massive amounts of asset information while meeting strict compliance requirements. Meridian ensures that life science companies consistently access the most current and approved information, and provides full proof of control for easier audits. Meridian Cloud for Life Sciences delivers a pre-validated engineering document management system in the cloud.

GREATLY REDUCE THE COST AND EFFORT OF VALIDATION

- Fully pre-validated engineering document management system in the Cloud
- Highly secure and authenticates your users using Single-Sign-On (SSO)
- Validation Documentation and Testing As-A-Service

STREAMLINE AUDITS WITH REDUCED RISK OF NONCOMPLIANCE

- Provide version control and revision management in a safe and secure environment
- Ensure proper printing of documents with watermarking and print stamps
- Guarantee that all users are working on the most current documentation

DELIVER QUALITY PRODUCTS WITHOUT DELAY

- Provide maintenance with accurate documentation while on-site
- Reduce search time for engineering information from hours to minutes
- Avoid production delays due to inaccurate information

"Meridian provides us with the tools to maintain FDA 21 CFR Part 11 compliance, and ensure good manufacturing practices, resulting in reduced risks and more streamlined audits."

– Bill Eager, Drawing Management Senior Officer
